

IN THE SPECIFICATION

The drawings are objected to as failing to comply with 37 CFR 1.84(p)(5) because they include the following reference character(s) not mentioned in the description: 21, Figures 1, 1A.

Amend the specification as shown in the attached replacement page 14. The replacement page 14 reflect the following change. On page 14, insert the word “21” after the word “perforations” in line 24. Therefore, the specification should now be in allowable form.
